The St. Regis Bal Harbour Resort

MIAMI, FLORIDA

POISED BETWEEN THE TEMPTATIONS of a private stretch of white sand beach and the Bal Harbour Shops across Collins Avenue, this was one of 2012's most notable hotel openings. The zigzag architecture allows each of the three towers' 227 rooms to deliver ocean views. But it's the interior design that's really striking—the Art Deco touches are glamorous (this is Miami, after all) while still managing to be tasteful, a rarity in this over-the-top beach town. Celebrate your day with a glass of bubbly at the St. Regis Bar, where the bartender skillfully sabers a bottle of champagne at 7:30 p.m. sharp (as it were).
